Ivan also performed the most important functions in the process of charter operating, including a wide range of different activities: from boat maintenance, transfers, repair of the vessels, supply of the spare parts, aftersales, rigging.

With more than 14 years of experience, he knows the best how to present the beauties of our coast in the best way, and always try to be innovative and creative. Responsible, positive, friendly and service oriented person and you will always feel safe comfortable with Ivan on board.
